THE FIRE

SETTING THE MIND

By Dave Krungal
DAVE ON CYBER

Before we start CISSP

Shift the mindset

SHIFT 1 Stop thinking **tools**.
Start thinking **principles**.

SHIFT 2 Stop thinking **answers**.
Start thinking **outcomes**.

SHIFT 3 **From:** What is right?
To: What reduces the risk?

SHIFT 4 **From:** Fixing the **problem**
To: Fixing the **process**

Focus 1

Right answer is 1% learning but
wrong answers are 99% learning.

Focus 2

Pretend you are a security
consultant → CISO

Focus 3

Write your understanding in
your own words
